

## Title IV - Federal Student Aid Worksheet

*Amberton University is committed to keeping tuition cost affordable so students can pay as they go and not incur long-term or excessive debt. However, we realize that unforeseen financial circumstances occur that may disrupt students' educational plans. For this reason, Amberton University participates in the Federal Pell Grant and Direct Loan Program (FDLP). Amberton University encourages responsible borrowing and a thorough understanding of loan indebtedness.*

*Direct Costs* – These costs refer to tuition and fees. These are the actual charges you can expect to see billed to the student account by Amberton.

*This worksheet is designed to assist you in understanding exactly how much you may need for direct education expenses such as tuition and fees. Prior to borrowing, you are encouraged to apply for the Federal Pell Grant (Undergraduate only) and assess your own available resources so as to defray your indebtedness.*
